

# Invite a speaker on homelessness

Do you belong to, or know of: a group, club or event which would welcome a speaker on homelessness and the work of The Connection at St Martin's?

It could be a WI, a Rotary Club, a U3A group, a church, a community coffee morning, a youth group, the screening of a relevant film (such as I, Daniel Blake), or a neighbourhood association meeting. Alternatively, you might set up a special meeting yourself.

The Friends of The Connection now has a Panel of Speakers, trained and briefed to come out and talk to any group, large or small.

## Our talks aim to:

- raise awareness about homelessness
- engage listeners to think what further action they can take
- raise funds (where appropriate) to support The Connection.

Speakers can come with a powerpoint presentation, if there is a laptop and projector available, and suitable literature for people to take away.

Our main focus is Greater London and the Home counties, but do get in touch with us about venues further afield, as we are ready to travel.

**“Thank you for your excellent presentation... (which was) clear, interesting and very moving at times”**

*Community Coffee Morning Organiser*
